The graduation date of the nominee must be at least twenty years prior to induction. Exceptions may only be made in extraordinary circumstances by a majority of the selection committee.

The number of graduates chosen for the honor may be sizable in the early years of the award. A maximum number of annual award winners may then be determined in subsequent years.

Nominee has record of significant contribution to his/her chosen field following graduation.

Nominee has exhibited continued leadership, character, service and dedication in his/her community, and/or has continued to support the Arcola community after leaving the Arcola area.

All nominees not selected will remain in consideration for the following ten years. While it is not necessary to resubmit a nomination form each year, forms for prior recommendations may be updated.
